The stock (also capital stock) of a corporation is all of the shares into which ownership of the corporation is divided. In American English, the shares are commonly called stocks. A single share of the stock represents fractional ownership of the corporation in proportion to the total number of shares.

Stock - Wikipedia

Stock is a security that represents fractional ownership of a corporation. It is a form of capital that can be sold or bought. The price of a share of stock is determined by the market. The total value of a company's stock is known as its market capitalization. The stock market is a marketplace where shares of stock are bought and sold. The price of a share of stock can fluctuate over time. The value of a share of stock is determined by the company's performance and the overall state of the economy. The stock market is a key component of the financial system. The stock market is a marketplace where shares of stock are bought and sold. The price of a share of stock can fluctuate over time. The value of a share of stock is determined by the company's performance and the overall state of the economy. The stock market is a key component of the financial system.
