Be sure to review the additional references and resources " especially the SharePoint Online one " as they will be updated periodically and this chart may not reflect those changes.

SharePoint 2010 vs SharePoint 2013

This script will make every list's header sticky. This means that it will stick to the bottom of SharePoint's ribbon when it would otherwise disappear behind it. Keeping the header visible at all times can greatly enhance the usability, especially of large lists. The script supports the normal list view, fixed height lists, list in [i]
