Learn how to get perfect masking lines, also several different masking materials explained. In the last masking article, I covered the very basic masking supplies needed for powder coating and also the reasons you would need to mask.

Masking Part II: Perfect Masking Lines | Powder Coating

Powdercoating is an organic coating method which uses a coating material in the form of a fine powder. The main difference between a conventional liquid paint and a powdercoating finish is that the powdercoating does not require a solvent to keep the binder and filler parts in liquid suspension form.
